Zentangle

As described by its creator, "the Zentangle experience is an easy-to-learn, relaxing, and fun way to create beautiful images by drawing structured patterns." More than just art, it allows you to easily access your intuition and develop your creativity while also allowing you to relax, change your perspective, and focus your attention. Zentangle relieves stress, supports healthy group dynamics, inspires new ideas and beautiful creations, and allows you to shift your thoughts without trying.

By practicing Zentangle Art you learn how to shift your state of mind toward relaxation, focus and inspiration. Since you do not need to be concerned with the results, you can enjoy the beauty of each stroke. There are no errors when creating your tangles, only happy, new beginnings. No art experience is required!

Municipal Complex Construction Project Update

The Doylestown Township Board of Supervisors voted in December of 2016 to move forward with a construction project that will result in an updated municipal complex. The components related to facility changes are to renovate two existing Public Works facilities, build a new Parks & Recreation building and build a new Administration/Police building on the same location.

As you may have seen, changes are already taking place at the municipal complex. Modular units have been situated on the sports courts and will serve as temporary offices for the township administration staff and police department. This Fall, the current Administration/Police building will come down, and construction will begin. It is the intention of the Township that business will go on with as little disruption to services as possible. You will notice a lot of changes here in Doylestown Township, but we will continue to provide updates as the work progresses.

New Program Location

Due to the construction project, programs which have traditionally been held in the Activity Center will be temporarily moved to a modular unit. The Meeting and Activity Center Trailer will be located adjacent to the Administration unit and situated on the sports courts. Please take note of the program location when registering!

Bluebird Nest Box Trail

The Doylestown Township Environmental Advisory Council has implemented a bluebird nest box trail to encourage nesting eastern bluebirds and other cavity nesting birds.

Take time to observe, but please do not disturb.

We appreciate your cooperation!

Women's Assault Prevention Seminar

It is estimated that 33% of women will be assaulted by age 24, and the majority of them will know and trust their attacker. Women's assault prevention is a lot more than just learning how to hit or kick. It's about learning how predators think and how to identify dangerous situations before they become violent.

This seminar will include a power point discussing the dangers young women face, as well as hands on self defense training taught by retired and decorated police officer, and nationally recognized assault prevention expert, Mike Austin, along with female assistants who have faced the dangers that will be addressed.
