Basic Drawing

Drawing isn't only for Picasso, but for everyone! Basic drawing is the basis of all art forms. In this course, new artists will explore the basics, including composition, perspective, shading and scale. We will learn how to draw from what you see rather than from what you know. Different drawing mediums will be introduced, allowing the artist to choose which one best fits their style. Two and three dimensional drawing will be practiced with different drawing exercises. New artists are welcome to bring their own supplies, but they will also be provided by the instructor. By the end of the class, students will either have started or finished their very first still life.

Zentangle

As described by its creator, "the Zentangle experience is an easy-to-learn, relaxing, and fun way to create beautiful images by drawing structured patterns." More than just art, it allows you to easily access your intuition and develop your creativity while also allowing you to relax,

change your perspective, and focus your attention. Zentangle relieves stress, supports healthy group dynamics, inspires new ideas and beautiful creations, and allows you to shift your thoughts without trying.

By practicing Zentangle Art you learn how to shift your state of mind toward relaxation, focus and inspiration. Something profound occurs when you put your pen to paper and watch your lines form beautiful patterns. Since you do not need to be concerned with the results, you can enjoy the beauty of each stroke. There are no errors when creating your tangles, only happy, new beginnings. No art experience is required! All materials will be provided.

Municipal Complex Construction Project Update

As you may have seen, changes are already taking place at the Doylestown Township municipal complex. Modular units situated on the sports courts are now serving as temporary offices for the township administration staff and police department. Soon the former Administration/Police building will come down, and construction will begin on a brand new building. It is the intention of the Township that business will go on with as little disruption to services as possible. You will notice a lot of changes here in Doylestown Township, but we will continue to provide updates as the work progresses.

New Program Location

Due to construction, programs which have traditionally been held in the Activity Center will be temporarily moved to a modular unit. The Meeting and Activity Center Trailer (pictured above) is located adjacent to the Administration unit and is situated on the sports courts, located near the entrance of Central Park at 425 Wells Road. Please take note of the program location when registering!

Mad Science Spring Break

Join Mad Science for a special Spring Break Camp! Camp runs from 9 am to 4 pm Thursday, Friday and Monday. Sign up for the full day or morning only.

1) Morning Only

Super Slimy Smokey Science

Junior Scientists will dive into a variety of scientific fields as they mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Laser experiments and dry ice demonstrations will capture their attention as they observe how fun and exciting science can be. Campers will be amazed as they observe a chemical energy display, the world's simplest motor, and a hair-raising interactive demonstration worthy of praise by Van de Graaff himself! Through hands-on experiments ranging from circuits to catapults, children will be able to experience the fascination of what happens when you mix science and fun!

2) Full Day*

*Full Day Camp also includes morning activities above.

Mad Machines and Rockin' Rockets

Mini Mad Scientists will delve into a multitude of scientific subjects as they learn about the Earth and its animal inhabitants, simple machines, rocketry and flight, and chemical reactions; there's something for everyone! Children will investigate the layers of

the Earth and explore how various forces combine to create rocks and minerals. They'll also build and race a car to learn about physics and construct a rocket to investigate the wonders of flight and aerodynamics and take both projects home to continue the fun! Campers will also create animal tracks out of Plaster of Paris and have creepy-crawly fun building a bug house used to search for new tenants! The Mad Scientist will astound the children as they witness remarkable color changes, experiment with acids and bases, and grow their own crystal gardens to take home!

Engineering for Kids

Jr. Engineering

1) Jr. Robotics Engineering: Simple Machines United

We use simple machines every day, but many times without even recognizing them. In Junior Robotics: Simple Machines United, students will explore the basic concepts of simple machines and how we use them to achieve even our most grandiose goals! Students will use LEGO® WeDoTM construction and resource kits to produce exciting builds that will be used to create Kelvin's Amusement Park. Please note: There is NO CLASS on January 28th.

Activity #	Date	Time	Day
0316.011	1/7 - 02/4	1:30 PM - 3:00 PM	Su

Bluebird Nest Box Trail

The Doylestown Township Environmental Advisory Council has implemented a bluebird nest box trail to encourage nesting eastern bluebirds and other cavity nesting birds.

Take time to observe, but please do not disturb.

We appreciate your cooperation!

2) Jr. Mechanical Engineering: Let's Make Toys

In this program, our youngest engineers will be introduced to fundamental concepts of energy, materials, and movement. Students will explore and construct six different toys throughout this unit, including spinners, magical boomerang cans, wind-up whirligigs, and more!

Activity #	Date	Time	Day
0316.021	2/18 - 3/11	1:30 PM - 3:00 PM	Su

3) Jr. Hardware Engineering: Scratch with Makey Makey

With Scratch and Makey Makey, we are going to explore how different sounds are created and we will create our own interpretations of common musical instruments like drums, piano, guitar, and even a recorder, and we will create our very own dancing program, all through the use of Makey Makey and Scratch to bring our music to life! The last day will end with a bang, or at least a really great mini concert from all of our students!

Activity #	Date	Time	Day
0316.031	4/8 - 4/29	1:30 PM - 3:00 PM	Su

4) Jr. Chemical Engineering: Crazy Concoctions

The Junior Chemical Engineering classes introduce our youngest engineers to fundamental concepts of solids, liquids, and solutions. Students investigate the properties of several crazy concoctions and make their own samples of bubbles, play dough, flub and more!

Activity #	Date	Time	Day
0316.041	5/6 - 5/27	1:30 PM - 3:00 PM	Su

Apprentice Engineering

1) EV3 Robotics Engineering: Robo Battles

Robo Battles curriculum is designed to introduce students to the world of not only building, but also programming basic robots. Throughout this course students will explore different ways in which a robot could be utilized to engage in various battle challenges.

Please note: There is NO CLASS on January 28th.

Activity #	Date	Time	Day
0663.011	1/7 - 2/4	3:30 PM - 5:30 PM	Su

2) Mechanical Engineering: Master Machines

During the Mechanical Engineering unit, students use the Engineering Design Process to design, create, test, and improve a variety of machines and mechanical systems. Students learn basics of energy, traction, aerodynamics, and durability while constructing roller coasters, eggstreme defense vehicles, and an incredibly fast air-powered custom dragster.

Activity #	Date	Time	Day
0663.021	2/18 - 3/11	3:30 PM - 5:30 PM	Su

3) Hardware Engineering: Get Wired with Makey Makey

Imagine designing a piano using celery or creating a custom digital training program. Now, envision playing video games using just your body, a bit of wire and your own imagination. In our hardware engineering program, students engineer their own customized video game controllers using a Makey Makey device and materials that can be found in just about any kitchen. Through application of circuitry, acoustical engineering and video game design, students discover new ways to interact with technology; all

Looking for a place to hold your next event?

Central Park in Doylestown Township offers a prime location that can be reserved for special events or fundraisers. The park currently plays home to several popular events in Bucks County, including IRun4Life, a kids only 3K, The Leukemia & Lymphoma Society's Light the Night Walk, the 4UDrew Car Show, and many others. The multipurpose fields within Central Park are also used for soccer and other athletic tournaments.

In addition to 5 multipurpose fields, Central Park offers miles of walking trails, 2 picnic pavilions, and the Covenant Bank Amphitheater, the home to our Thompson Performing Arts Series. The amphitheater, which celebrated its inaugural season in 2016, is located right at the center of Central Park and has already been filled with crowds of thousands for numerous performing arts events.

If you are interested in holding a special event in Central Park, please visit www.doylestownrec.com, and download the Special Event Application form under Department Info & Forms.

Fees for holding a special event will vary depending on the type and size of the event. The 2018 Fee Schedule can be found on our website as well.

Make Central Park the home for your next special event! For additional questions please call the Doylestown Township Administration Building at 215-348-9915 or email info@doylestownpa.org.

Women's Assault Prevention Seminar

It is estimated that 33% of women will be assaulted by age 24, and the majority of them will know and trust their attacker. Women's assault prevention is a lot more than just learning how to hit or kick. It's about learning how predators think and how to identify dangerous situations before they become violent. This seminar will include a power point discussing the dangers young women face, as well as hands on self-defense training taught by retired and decorated police officer, and nationally recognized assault prevention expert, Mike Austin. Joining Mike will be female assistants who have faced the dangers that will be addressed.

Intro to Digital SLR Photography Photo Walk

Stop hiding behind Photoshop. The true art of photography starts behind the camera, not the computer. Through tips and techniques of basic photography, you'll learn how to become more confident using your DSLR, and Photoshop won't need to swoop in to save the day. Home photographers and aspiring amateurs seeking ways to improve their results are ideal for this workshop. Popular makes and models will be compared and can serve as a guideline for future purchases. More advanced technologies, like using your camera in semi-automatic and manual modes, will also be covered. This is a walking tour where we practice the techniques that we teach on the spot. ***This is an outdoor class and the location occasionally changes to provide the best possible experience for participants. Calling All Instructors!

Do you have a program that you think would fit in this program guide? We would love to hear from you! Doylestown Township Parks and Recreation is currently seeking skilled, enthusiastic instructors to teach community programming. Our goal is always to provide experiential, informative and enjoyable programs to our residents and the surrounding community. If you have a special skill or program idea and would like to teach in a community setting, please contact us! Programs can appeal to a wide range of interests and abilities and should fall under one of three categories: Arts, Enrichment, or Sports & Wellness.

Our program proposal form can be found on our website at www.doylestownrec.com. Go to the General Info tab and click Department Info & Forms. Scroll down to find the Program Proposal Form.

Please Register Early!

Nothing ruins a good program like waiting until the last minute to register.

If a program does not have sufficient registration five working days prior to the start date it may be cancelled.

Advocacy for a Greener Earth

Join us for the Advocacy for a Greener Earth speaker series. Co-sponsored by the Doylestown Township Environmental Advisory Council and the Bucks County Audubon Society, this talk will discuss limiting Lyme ticks on our properties. The speaker for this event is Dr. Dan Duran from Drexel University, an excellent and highly engaging speaker. A free brochure, "Let's Limit Lyme Ticks" will be available at the event as well.

This program is free and open to the public!

Boost My Balance NEW

Better balance begins with improved posture, sharpened awareness and a stronger core. This 7 week program teaches people over 55 how to be anchored, upright and agile in an unpredictable world. Exercises are body-weight based, functional movements that are done standing or seated in a chair. Every student receives a postural analysis. The standard feature is the video homework email you will get after each class - practice what you learned in the comfort of your own home. Renew balance, restore confidence and preserve your independence with this dynamic balance improvement program.

*Participants should not be dependant on a cane or walker.

Puppy Kindergarten Class

Calling ALL new puppy owners! Each class will have a different training topic, as well as healthy socialization with other puppies. We will discuss house-training issues - teaching your puppy how to signal and potty outside - on command. We will address jumping, chewing, play-biting and other common behavior issues. When you and your puppy complete seven classes, you can be recognized by the American Kennel Club and rewarded with their S.T.A.R. Puppy Medal and Puppy Package. For puppies between the ages of three months and six months.

During the Spring sessions there is **NO CLASS** on March 31st.

Please note the location for this program.

Level Up Training Class

If we've worked together in the past, this class is for you. Tell me your training goals and I will design the class to achieve them. Let's take your training to the next level or get your dog back on track. This class is designed for a maximum of five dogs that are social with other dogs. Prerequisite: Completed a previous class or in-home training with Susie Danzis. For dogs 8 months and older and social with other dogs.

Pack Leash Walk Class

My Pack Leash Walk and dog training class combined! You will be walking with me, my dog and others (dogs & owners) in "The Pack." A Pack Walk provides excellent physical and mental exercise for your dog as well as healthy interaction with other dogs. This is an ALL outside walking and training class. Learn new exercises to improve your dog's leash walking skills as we power walk through the park. This class is a great option if your dog is shy, excitable around other dogs, needs exercise, constantly stops or simply enjoys walking. We will teach them to walk (and stay!) on one side of you, walk in a straight line, walk at a steady pace and walk with their head up in the air (rather than trying to eat everything off the ground!). We will also practice appropriate meet & greet skills with new people and dogs. For dogs that are 8 months and older and social with other dogs.

Walking the dog?

We welcome your "well-mannered" canine friends. Dogs must be leashed and under the control of the owner at all times. Off-leash activity is prohibited. Owners are responsible for cleaning up and properly disposing of waste material.

Therapy Dog Prep & Testing

This class is designed for handler & dog teams interested in pursuing therapy dog work. The AKC Canine Good Citizen Program (CGC) certifies that dogs are reliable and well-behaved members of their home, in public places, and in the presence of other dogs. Bright and Beautiful Therapy Dogs, Inc. is a non-profit organization that evaluates, tests, trains and qualifies owners and their well-behaved dogs as therapy dog teams. This class will prepare you and your dog for CGC or B&BTD testing on the final week of class with an approved evaluator. *Recommended for mature dogs with previous professional training.

During the Winter session there is NO CLASS on March 3rd.

Teen Manners

Does your dog jump when guests come to your home? Will your dog grab objects they shouldn't and run? A well-mannered dog is much more

enjoyable than one that is out of control! This class is designed for the adolescent dog that lacks self-control and focus! You will learn commands such as: leave it, drop it, relax, off, place, and come; achieved through fun and innovative training techniques. This class is designed for dogs that are social with other dogs. For dogs that are 5 months and older.

During Spring session there is NO CLASS on March 31st.

Premier World Discovery Trips

Doylestown Township Parks & Recreation is excited to announce a brand new partnership with Premier World Discovery! Founded in 1999, Premier is an innovative tour operator specializing in the group travel market. By partnering with Premier, we are able to offer both our residents and those in the surrounding community an opportunity to take trips we never could have offered on our own!

In 2018, we will be offering two trips with Premier: Great Trains and Grand Canyons, departing on April 22nd, and Treasures of Ireland, departing on September 25th. (Trip highlights are listed on the following page). We are currently taking reservations for the Great Trains and Grand Canyons Trip. For full trip details or to download the reservation form please visit www.doylestownrec.com. Click register, and choose "Premier World Discovery" under Trips & Tours.

Interested in the Treasures of Ireland trip? We invite you to attend a presentation where you will learn all the ins and outs about the trip and have all of your questions answered. Registration for the presentation is not required, but is encouraged so we can plan accordingly for the presentation.

Please note: The below presentation is informational only. Registration for the presentation does not reserve or hold a spot on the trip.
