New Program Location

Due to our upcoming construction project (see p. 3), indoor programs that have been traditionally held in the Activity Center, will be held this summer at the Plumstead Community Building. The building is located at 4757 Gordon Road in Doylestown, 18902. Be sure to check the program location when you register! Special thanks to our neighbors at Plumstead Township!

Across the Ages

Polynesian Dance

Polynesian dance refers to dances from Hawaii, Tahiti, Samoa, and New Zealand, from soft hulas to fast swinging oteas and harmonious Maori hakas. Polynesian dance is gracious and exciting, and an excellent cardio workout done in an aerobic format for maximum cardio benefit. Students learn about Polynesian culture and choreography in addition to basic steps. Some of the dances will use additional instruments or implements, which will be provided. This class is open to all ages! Sign up with your family or friends, or on your own.

Taught by Margarete Naperski, who has almost 20 years of experience teaching and performing Polynesian dance, this class is sure to be a fun experience for all!

Summer Crafting Series

Join us for crafting like you've never done before! Each program uses different items and mediums and lets you create a piece that is as unique as you are! Sign up for one program or try out all three!

1) Collaged & Decoupaged Boxes

In this class, participants will be given small wooden boxes that can be turned into treasure chests, gifts, or whatever you like! They will be decoupaged with decorative papers, painted, given handles, feet, or

whatever the participant desires, that will turn them into works of art.

Activity #	Date	Time	Day
1925.013	8/15	5:30 PM - 7:30 PM	Tu

2) Sculptural Assemblages/Dolls

Have you ever tried making figurative sculptures out of recycled junk? In this class, participants can bring metal and plastic junk of their own or take from a stash that is provided. Hot glue, epoxy, and connecting stuff like rivets, brads, and nails will also be provided. Several demo pieces will be on hand as well to show the breadth of possibilities.

Activity #	Date	Time	Day
1925.023	8/22/2017	5:30 PM - 7:30 PM	Tu

3) Gourd Crafting

How about a little inspiration for Fall? In this class you will learn the basic techniques of preparing gourds and different techniques for decorating them. Paints and carving tools will be provided. Gourds will be provided as well and will be cleaned and prepped ahead of time.

Pottery Works Mobile Kids Design Camp

In this week long camp your child will have the opportunity to build and create works of art with their hands. The first half of the day they will be exploring terracotta and the second half of the day exploring with modeling clay (oil based). Every day they will be learning about hand building and glazing techniques. Some of their options in terracotta are custom sneakers, dragons, and feathers with extra time to create something unique to them. With the oil based clay they can attach their creations to a carabiner clip and necklace. Please bring a light snack and drink. Pick up for all fired work will be within 10 days from the last day of camp.

For more information please contact potteryworksmobile@icloud.com. Class fee includes all materials.

RexArts Music & Theater Camps

Doylestown Township Parks and Recreation is excited to present a brand new music and theater program coming to the Covenant Bank Amphitheater in Central Park! RexArts teachers have been trained at the finest conservatories in the country and are passionate about sharing their love for the stage with us here in Doylestown. They will provide a safe and encouraging environment where students can build

confidence, develop a strong work ethic and have a lot of fun!

These exciting camps feature songs from our most beloved classic movies. Daily vocal, acting, and dance lessons will be enhanced by fun theatre games and activities. On the last day of camp, family and friends will be amazed by how much has been learned in only five days! Learn more about RexArts teachers and programs at www.rexarts.org.

Camps are broken into two age groups and each group will learn the music from a different movie:

Municipal Complex Construction Project

The Doylestown Township Board of Supervisors voted in December to move forward with a construction project that will result in an updated municipal complex. The components related to facility changes are to renovate two existing Public Works facilities, build a new Parks & Recreation building and build a new Administration/Police building on the same location.

In September, the current Administration/Police building will come down, and modular units situated on the sports courts will serve as temporary offices. It is the intention of the Township that business will go on with as little disruption to services as possible. You will notice a lot of changes here in Doylestown Township, but we will continue to provide updates as the work progresses.

Oops, we goofed...!?

From time to time there may be an error, typo and/or change to information in the program guide. If so, we will take every step to correct the situation in a timely and efficient manner. We appreciate your patience and understanding should these situations arise.

Please Register Early!

Nothing ruins a good program like waiting until the last minute to register.

If a program does not have sufficient registration five working days prior to the start date it may be cancelled.

Learn to Be a Magician

Ever thought about being a magician? Join Doylestown Township Parks and Recreation and learn the "tricks" of the trade from a skilled and experienced magician. Learn to perform some of the best beginner magic effects while improving self-confidence, eye-hand coordination, and fine motor skills - all while having a good time!

You will learn how to vanish a coin and cut and restore a rope, cups and balls tricks, and nine other magic effects. The workshop includes all props, a book of instructions, a trick deck of cards, and a magic book, as well as hands-on instruction with a skilled magician!

GeoVentures Camps

1) Nature Explorers Camp

It's a jungle out there and Nature Explorers are heading out on an adventure to explore the outdoors and the thrilling plants and animals that dwell there. Armed with your binoculars and magnifying glasses, campers will work to answer some of the world's biggest (and smallest) questions. Campers will learn what to do when encountering wild animals, identify prints and tracks, go on exploratory hikes and a nature scavenger hunt, and investigate how animals camouflage themselves, plus much more. Are you ready to go on an outdoor adventure?

Mad Science - Radical Reactions & Detective Science

Mad Science brings awe-inspiring experiments paired with thought-evoking detective work to campers, nurturing their scientific interests and evoking their fascination. Children will learn about chemical reactions as they grow crystals, create sidewalk chalk from scratch, and design chromatography t-shirts to take home. Campers become trained science sleuths as they investigate the role of chemistry at the scene of a crime. We spark curiosity by asking

challenging obstacle courses and try to discover the double agent. After training, you'll be ready to take on the world's worst bad guys.

Engineering for Kids

Jr. Engineering

1) Under Construction

Put on your hard hats engineers, and join us for the engineering of cities! In this camp, students work hard to apply their knowledge of construction to save the beach from erosion and build their very own city from the ground up. From roads and tunnels to

building skyscrapers, students discover that no job is too tough for an Engineering for Kids engineer! Building a city is more than roads and skyscrapers. In this camp, students explore civil, mechanical, and environmental engineering. Students explore the engineering behind objects that they see everyday; skyscrapers, roads, tunnels, and even cranes.

Activity #	Date	Time	Day
0316.013	7/31 - 8/4	9:00 AM - 12:00 PM	M-F

2) Inventor's Workshop

We have opened up the workshop for a week of fun, creativity, and of course, engineering! Over the course of a week, students will invent new machines and explore creative design solutions using the Engineering Design Process. Discover how a wind-up toy works and design your own drawing robot inside the Engineering for Kids Inventor's Workshop.

Apprentice Engineering Camps

1) Engineering of Travel

113 years ago airplanes had not even made their first flight, yet today, we can fly to the other side of the world in 12 hours! It is thanks to advances in technology that we are able to explore so much of the world. Over five days of camp teams will have to work together to see who is able to travel the farthest around the world. This trek around the world will require students to design their very own boat, plane and even a rocket!

Activity #	Date	Time	Day
0663.013	7/10 - 7/14	9:00 AM - 12:00 PM	M-F

2) Survivor: Engineer's Cove

Students in this five-day camp will find themselves stranded on an abandoned island filled with perilous obstacles - dark caves, wild animals, cold temperatures, little food, and separation from the comforts of home. They will work collaboratively with their tribe members to compete against other tribes in specific engineering-related projects aimed at trying to survive the harsh island conditions and escape to their freedom. The tribe with the most points at the end of the week will claim the honor of Survivor: Engineer's Cove Winner. During this interactive and competitive camp, students will explore the fields of electrical engineering, environmental engineering, aerospace engineering, and marine engineering as they design and construct tools that will help them survive and eventually escape the island.

Activity #	Date	Time	Day
0663.023	7/10 - 7/14	12:30 PM - 3:30 PM	M-F

3) Momentum Madness

Zero to sixty in two seconds? How fast can an object go without compromising safety? Students in this camp will work with their Pit Crew to design and build vehicles, such as dragsters and hovering levitrons, which should be able to withstand astonishing speeds. Fasten your seat belt, the race has begun! During the Momentum Madness camp, students will explore four fields of engineering: industrial, electrical, mechanical, and aerospace. They will design and construct vehicles and safety mechanisms that will achieve the fastest speeds while still maintaining safe racing conditions.

Activity #	Date	Time	Day
0663.033	8/7 - 8/11	9:00 AM - 12:00 PM	M-F

4) Mechatronic Masterminds

Eureka! Kelvin has finally done it! He has created a perpetual motion machine. But what is this?! An evil genius has stolen Kelvin's masterpiece - oh no! Kelvin is now looking for a trustworthy team to develop and test new gadgets that will help him find and safeguard his perpetual motion machine. Explore the basics of mechatronics engineering and logic-based programming as students use littleBits and work together to design gadgets, tools, and machines that will help Kelvin get out of any sticky situation he may encounter.

Activity #	Date	Time	Day
0663.043	8/7 - 8/11	12:30 PM - 3:30 PM	M-F

Create Your Own 3D Video Games

Children will have fun and success as they work with 1 to 2 team mates to creatively design, build and edit their very own video games. What action will take place? What are the objectives and outcomes? Will the children build a world with aliens? Castles? Wild animals? 3D adds that special extra in terms of realism and impact to every aspect of the video games that the children create. They will feel empowered with their new found skills!

Intro to Digital SLR Photography Photo Walk

Stop hiding behind Photoshop. The true art of photography starts behind the camera, not the computer. Through tips and techniques of basic photography, you'll learn how to become more confident using your DSLR, and Photoshop won't need to swoop in to save the day. Home photographers and aspiring amateurs seeking ways to improve their results are ideal for this workshop. Popular makes and models will be compared and can serve as a guideline for future purchases. More advanced technologies, like using your camera in semi-automatic and manual modes, will also be covered. This is a walking tour where we practice the techniques that we teach on the spot.

Women's Assault Prevention Seminar

It is estimated that 33% of women will be assaulted by age 24, and the majority of them will know and trust their attacker. Women's assault prevention is a lot more than just learning how to hit or kick. It's about learning how predators think and how to identify dangerous situations before they become violent. This seminar will include a power point discussing the dangers young women face, as well as hands on self defense training taught by retired and decorated police officer, and nationally recognized assault prevention expert, Mike Austin. Joining Mike will be female assistants who have faced the dangers that will be addressed.

Summer Safety Tips

Sun Safety

- Limit sun exposure during peak intensity hours; 10 am to 4 pm.
- Wear sun-protective clothing: wide-brimmed hat, loose-fitting, light colored clothing, sunglasses that protect against UVA and UVB rays.
- Always apply sunscreen when going outside, even on cloudy days!
- Sunscreen should have a sun protection factor (SPF) of at least 15.
- Apply sunscreen every two hours, or after swimming or sweating.

Heat Safety

- Reduce intensity of outdoor activities.
- Stay hydrated! Take water breaks at least every 20 minutes during outdoor activities.
- Limit outdoor physical activity in a place with a warmer climate.

Swim Safety

- Never leave a child unsupervised in or near a pool/spa or other body of water.
- Children under the age of 5 should always be within arm's length of an adult.
- Avoid inflatable swimming aids such as "floaties" which can give a false sense of security.
- Do not use a pool or spa if there are broken or missing drain covers.
- Do not dive in less than nine feet of water; feet-first entry.
- Ocean swimming should only be allowed when a lifeguard is on duty.

Protect Against Bugs

- Use insect repellents to guard against ticks.
- Wear long sleeve shirts and long pants when going outside.
- Never leave stagnant pools of water around the house.
- Avoid using scented soaps or perfumes.

Looking for a place to hold your next event?

Central Park in Doylestown Township offers a prime location that can be reserved for special events or fundraisers. The park currently plays home to several popular events in Bucks County, including IRun4Life, a kids only 3K, The Leukemia & Lymphoma Society's Light the Night Walk, the 4UDrew Car Show, and many others. The multipurpose fields within Central Park are also used for soccer and other athletic tournaments.

In addition to 5 multipurpose fields, Central Park offers miles of walking trails, 2 picnic pavilions, and the Covenant Bank Amphitheater, the home to our Thompson Performing Arts Series (pg. 17). The amphitheater, which celebrated its inaugural season in 2016, is located right at the center of Central Park and has already been filled with crowds of thousands for numerous performing arts events.

If you are interested in holding a special event in Central Park, please visit www.doylestownrec.com, and download the Special Event Application form under Department Info & Forms.

Fees for holding a special event will vary depending on the type and size of the event. The 2017 Fee Schedule can be found on our website as well.

Make Central Park the home for your next special event! For additional questions please call the Doylestown Township Administration Building at 215-348-9915 or email info@doylestownpa.org.

Martial Arts w/ Kokoro Kai

This martial arts program will feature a traditional Martial Arts curriculum that has been established for over 45 years. With an emphasis on childhood development and goal setting, this program promotes "Discipline of Mind and Body" and the development of a positive winning attitude!

The program is directed by the founder of the Kokoro Kai Association, Mr. Jonathan Exaros, whose Headquarters Academy is based out of Horsham, PA. Jonathan has been studying the martial arts since the early 1970's and has been operating the Academy for the past 25 years. An overwhelming majority of the staff members have grown up in the program and are now highly successful adults who are using their martial arts training to reach their own personal goals and development. The Academy is very pleased to be partnering with Doylestown Parks and Recreation, and is enthusiastic about bringing their unique and proven methods of teaching children to the Doylestown community.
